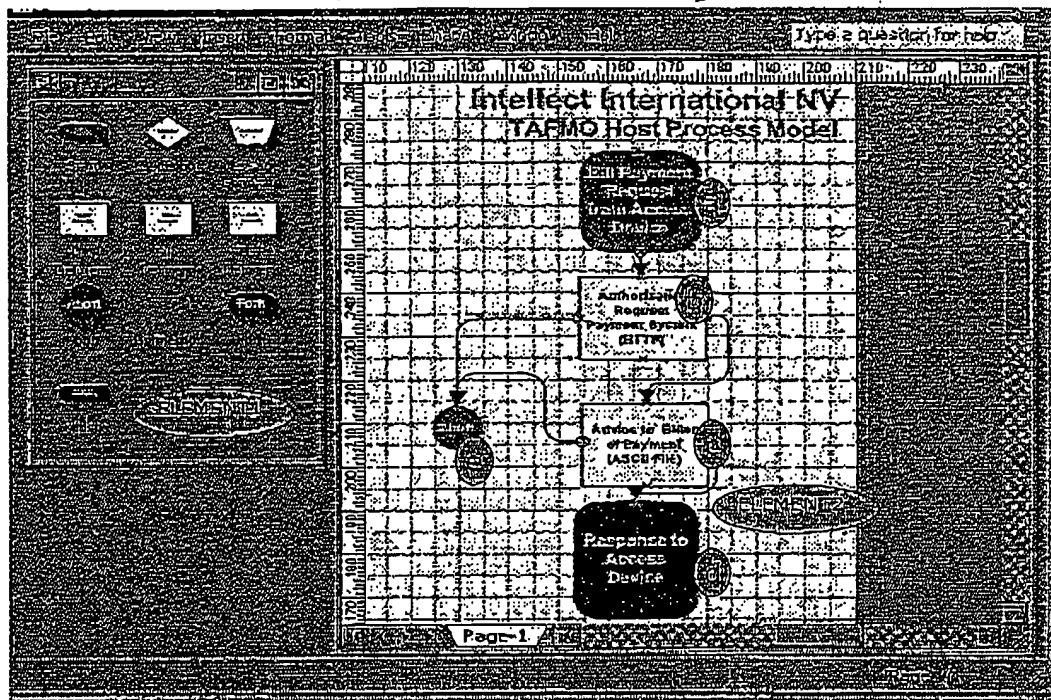

FIG 4

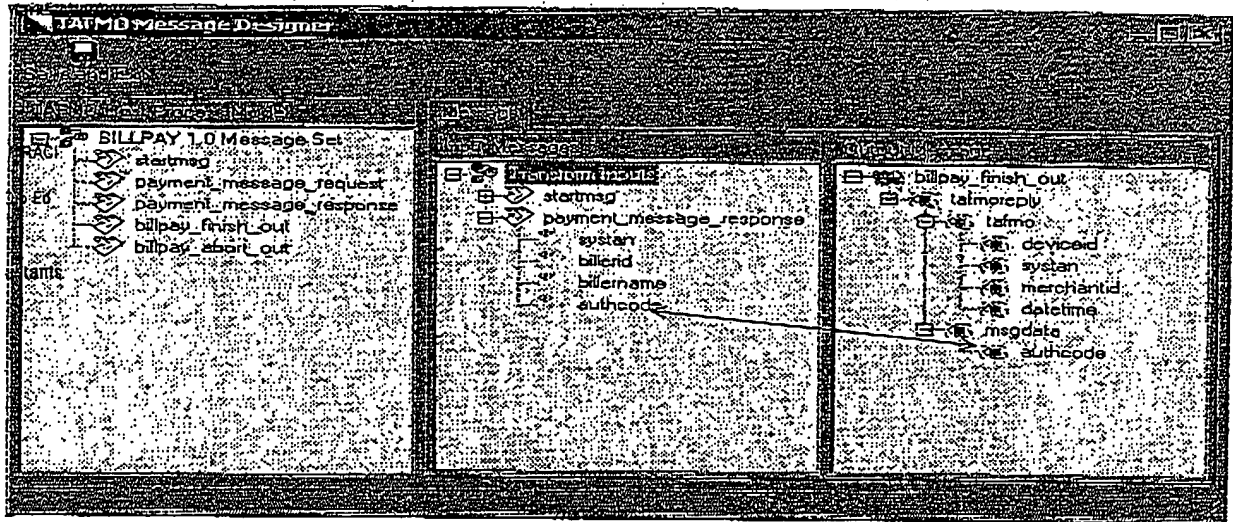

The "Custom Properties" dialog box contains the following fields and values:

Address	http://philadel.7200
Message Name	payment_message_request
Message Response	payment_message_response
Message	600000
Message	paygate

At the bottom of the dialog, there is a checkbox labeled "Use the following message destinations and locations for the message" and a "Help" button.

Message Destinations entered in the Graphical Process Designer
